

Seminar Exercises 06

Forms

Exercise 1

Type in html code that will produce a form like the one shown below and save as **WD6A.htm**. Don't worry about putting it in a table to begin with.

The screenshot shows a Microsoft Internet Explorer window titled "Document Title - Microsoft Internet Explorer". The address bar displays "E:\3 BournemouthPoole College\FD". The form content is as follows:

Please enter your details below

Your Surname

What is your favourite colour?

☒ Red ☐ Blue ☐ Yellow

What is your favourite book?

☒ Lord of the Rings ☐ 1984 ☐ Web Design for Beginners

What is your favourite DVD?

Casino Royale
Four Weddings and a Funeral
Deathkill Slasher the 13th

Design it so that the data from the form will be sent to a page called:
returndata.php

Seminar Exercises 06

Forms

Answers

I haven't used a table to layout this form. You could make it look neater if you did so.

WD6A.htm

```
<html>
<head>
<title>Document Title</title>
</head>
<body>

<form method="get" action="returndata.php">
<p>Please enter your details below</p>

Your Surname
<br />
<input name="yourname" type="text" size="30">
<p>What is your favourite colour?</p>
<input type="checkbox" name="colour" value="Red"
        checked="checked" /> Red
<input type="checkbox" name="colour" value="Blue" /> Blue
<input type="checkbox" name="colour" value="Yellow" /> Yellow

<p>What is your favourite book?</p>

    <input type="radio" name="favbook" value="1"
            checked="checked" /> Lord of the Rings
    <input type="radio" name="favbook" value="2" /> 1984
    <input type="radio" name="favbook" value="3" /> Web Design for
    Beginners

<p>What is your favourite DVD?</p>
    <select name="DVD">
        <option>Casino Royale</option>
